ENROLMENT COVENANT

Philosophical Commitment

Spiritual

I desire Christian schooling for my child because I recognise that before God I am responsible for my child's education.

I understand that the Statement of Faith as outlined in this Prospectus will be the foundational basis of the school's doctrinal position.

Moral

I agree with and abide by the school rules, particularly those of moral standards involving dress, discipline and social relationships. Further, I will endeavour to maintain an atmosphere in the home that is consistent with that at the school.

I understand that the Biblical method of discipline involves both internal attitude correction as well as external action correction. I desire that my child be confronted for attitude problems, realising that these cause behavioural problems, often of a moral nature. For serious behaviour problems discipline is by way of suspension and/or expulsion.

Educational

I understand that the school's philosophy of Christian education requires a formal time of participating with my child in school tasks at home, and I will commit to do this.

Practical Commitment

I understand and accept that it is my responsibility to regularly plan and budget so that school fees are paid by the required dates. I understand that there will be times when a school trip involves travel from the school and I give the school authorities permission to include my child(ren) as is necessary.

I accept the school authorities undertake all matters with the care and welfare of my child(ren) foremost in their organisation and operation. I authorise that school authorities to take any immediate medical action necessary should an emergency occur involving accident or injury to my child. I indemnify the school of all liability with respect to my child(ren) should any accident, sickness or misfortune occur.

I/We have read this enrolment covenant and accept the conditions stated.
