OVERVIEW

Our high school programme aims to build on the work of the primary school by providing courses of instruction within a biblical framework that prepares our students thoroughly for tertiary study in an academic environment.

The are three main components to the secondary curriculum:-

- Bible and Christian Worldview
- Cambridge Subjects
- Modules

While there is a commitment to traditional subjects in a rigorous academic environment, we are also concerned to help students develop a thorough grounding in the Christian faith that enables them to view the world through a Christian lens. In addition to this we desire to help our students develop a virtuous character in preparation for a life of service. We are committed to a teacher directed approach to learning, but retain a commitment to innovative and flexible approaches that meet the learning needs of individual students. A variety of teaching approaches are used to achieve these goals including class and individual instruction, tutoring by specialists to small groups or in a one on one situation and independent study and research.

MISSION STATEMENT

To pursue excellence for Christ by developing our God-given gifts and using them in His service.

TO THE STUDENT

As a secondary student you are old enough to accept much greater responsibility for your work and behaviour than younger children. We ask that you commit to respect your teachers, the other students and do what you can to make this high school a place others want to be a part of and attend. While we do not expect every one of you to be a Christian, we do expect the following responsibilities from each and every student.

1. To earnestly seek after God and His plan for your life.
2. To strive to discover and develop your God-given gifts in preparation for a life of service.
3. To do all you can to contribute to MCS and uphold its good name.
4. To work hard and do your best in all high school work, striving for excellence while accepting that you have limitations.
5. To respect teachers and other students and show that respect in your speech and behaviour.
6. To obey MCS rules (including the dress code) and uphold them amongst other students.
7. To completely refrain from blasphemy and profane language, immodest dress or behaviour, and all forms of drug abuse.
8. To submit graciously to the instruction, guidance and correction of teachers.

SEVEN HABITS TO LEARN AND GROW

- You are responsible
- Work first then play
- Listen before you speak
- Sharpen the saw
- Have a plan
- Be a servant
- Together is better

OTHER

Why do you think MCS will suit your child?

Any queries or concerns you would like to discuss?

Pupils currently enrolled at MCS: On acceptance a \$500 deposit is payable to secure a place for your child in the high school. This will be offset against fees.

New enrolments: The standard \$500 non-refundable enrolment fee upon acceptance is applicable as per the Enrolment Application Form. All new enrolments will be required to pay \$1,000 towards their first term fees in advance.

I accept that some of my child's lessons may be recorded and uploaded to YouTube or a similar service, and their voice or the back of their head may be captured in these videos.

Yes No

AUTHORISATION

Have you read the prospectus? Do you accept the requirements and conditions in it along with the above responsibilities and agree to do your best to work in co-operation with MCS?
